Latest from England.

☞ By the ship Averick, capt. Colley, from London, we have received [through the politeness of Messrs. Brown and West, proprietors of the new Reading Room] the London Courier of Nov. 27, being the only paper by this arrival, later than what has already been received. It contains no news, and it is impossible to gather from a source so partial any intimation of the real situation of England

Meetings for the relief of the distressed manufactures continued. Those of Spital fields, and the impoverished subjects of the whole North east quarter of the Metropolis, are represented to be in the last stage of human wretchedness; and a Meeting was held at the Mansion House, on the 26th Nov, for the purpose of adopting measures for their relief. These miserable creatures are said to have borne their hardships with great patience, and without uttering a single complaint against the government.

It was officially announced in the Gazette of the 26th, that Parliament would meet for the dispatch of business on the 28th Jan.

The 27th Nov. was setting day at the Stock Exchange: there were no defaulters—Consols remained steady at 68—Course of Exchange on Paris, 25, 77 1 2 to 25, 80—Amsterdam, 12, 6—Hamburgh, 36, 9.

Letters from the Agent to Lloyd's, dated Cadiz, Nov. 5, state, that the trade of Spain was greatly annoyed by the Buenos Ayre cruizers, which had recently captured 8 vessels off Cadiz.

LONDON, Nov. 27

Several English gentlemen of distinction were present at the British Ambassador's at Paris when M de Talleyrand made his vehement sortie against the French Ministers—Mr. Canning, the Earl of Mansfield, Mr. Tierney, and others. Our correspondent states, that M de Talleyrand complained of the inconsisteney of the King's sond et. The next morning M. de Talleyrand received a letter from the Duke de la Chatre, signifying the King's pleasure to him that he should not appear at Court again. It is said that he will also be deprived of his post at Chamberlain

The Duke de la Chatre, first gentlemen of the Chamber, addressed yesterday evening the following letter to M. de Talleyrand.

"Sir,—In consequence of the public coversation which you held with the president of the chamber of deputies in the house of the ambassador of a foreign power, I inform you, that his Majesty has ordered me to notify to you, that you need not again present yourself at Court."

November 27.

We have no fresh arrivals of any grain since Monday, in consequence of which there was very little new Wheat at market, and which readily sold at last day's prices. Barley being scarce and in demand, is 4s per quarter dearer. Oats were also 1s per quarter higher—In Peas, Beans and other articles there is no alteration.

Liverpool, Nov. 25,

The demand for cotton, which has been principally from the trade, has been very good during the whole of the week, particularly for Bowed, Maranhams, and Bahias. Bowds have advanced about 1-2d. & Brazil about 1 1 2d. per lb. The arrivals are only 516 bags, whilst the sales amount to about 5900 bags

SUGAR — the demand for Sugar has continued extensive all the week; the prices daily advancing at the close; brown descriptions might be stated 2s. and good Sugars 3s per cwt. higher; the wholesale grocers and refiners were very considerable purchasers, but the chief request was on speculation; the subject of distillation from grain being prohibited attracted great attention; the rapid rise of the corn market was watched with anxiety, making the measure still more probable; speculators however, calculated that, even should the distillers not use Sugar, yet, that the supply was only equal to the usual consumption of the country; the excess beyond the stock of last year in London is about 3000 hhds; it however does not make up for the deficiency at the outports; the stock at Liverpool was reported so low as 8000 casks of every description, and 1500 at Glasgow; as the stock has been for several years reduced to within 6 or 8000 hogsheads previous to the new crops arriving at market speculators calculated there would be very little depression in the prices and if distillation from Grain was stopped, the advance would be very great: under these impressions, they purchased largely, and we estimate the quantity sold during the week at 12,000 hogsheads.—Yesterday, though not a regular market day, there was much business doing; the rapid advance of grain immediately induced the speculators to come to market, and a very extensive transaction took place at an improvement generally of 2s. to 3s. on the prices of Friday

COFFEE.—The public sales of West India Coffee, brought forward lately have been very limited, owing, it is stated, to the stock being very short of the usual quantity; it is however, to be recollected, a very considerable proportion of the Coffee is now in the hands of speculators, and not now offering for sale.

Hemp, Flax and Tallow.—The price of Tallow has lately been depressed; the market yesterday rather improved and the prices realised were 6d to 1s. higher than last week; Hemp and Flax without any variation. The letters yesterday from Petersburgh, dated 1st Nov. N. S. mention that the Exchange was improving; it was 9 3-4: the frost had set in severely, and many vessels were expected to winter in the Baltic, on account of the early season at which the frost had set in: it was stated 20,000 casks Tallow would in consequence be left until the spring shipments

Rice The demand for Rice has been extensive: the prices improve in proportion to the great rise of grain: there is very considerable export orders in town: for a small parcel Carolina Rice, left in bond, 42s was demanded last week; 38s to 38s for East India, to day the holders are reported to be asking.

Timber. The timber trade has been for a length of time in a very depressed state, it is now recovering: the improvement is attributed to very short importations from the Northern ports of Europe and also from British America: the stock in first hands is reported very trivial. Deals are considerably advanced, and generally every description of timber is improving.

LIVERPOOL Nov. 23.

The Packet of Wednesday says, "The Spa-field Meeting broke up, as our readers may recollect, by the moving and passing some resolutions, one of which was, that a petition should be presented to the Prince Regent by Sir Francis Burdett, and that Mr. Hunt should be desired to accompany him Mr. Hunt accepted the mission, declaring if Sir Francis Burdett was ready, he would propose finding the Prince Regent next day, Saturday last, and would in fact ride after his Royal Highness wherever he was' Whether Sir Francis Burdett has declined the task imposed upon him, we know not But Mr. Hunt, it is reported, set out upon his hunting expedition alone and Monday afternoon proceeded to Carlton house. Upon reaching the hall, he asked whether the Prince Regent was to be spoken to? The Page replied that he feared it was too late, but requested his name, which Mr Hunt gave him and then asked when he could see col M'Mahon? The reply was, that he could see the colonel in the morning, Mr. Hunt then retired He accordingly saw colonel M'Mahon yesterday and that gentleman informed him, that the way of approaching the Regent with his petition, was through the medium of the secretary of state for the home department."

Buenos Ayres.—The following is an extract of a letter from the Agent for Lloyd's at Buenos Ayres, dated the 29th August:

"Arrived the Spanish three masted schr. Leon, from the Havana, Cadiz, with a valuable cargo, [illegible] off Cape St. Vincent 2 [illegible] June, the Congress privateer fitted out Baltimore under patriot colours [illegible] prize master states, that the privateer may be daily expected here with three other valuable Spanish vessels which she has captured [illegible] Montezuma of 14 guns and 150 men is ready for sea and will sail the first fair wind on a cruize; supposed towards Cadiz"

By other advices from the same quarter, we learn, that in consequence of the reconciliation between Artigas and the government of Buenos Ayres and the government of Buenos Ayres it was doubted whether the Portuguese would persevere in their meditated attack. Had it not been for the friendly overture from Buenos Ayres, Artigas intended to destroy the works at Maldonado and Monte video upon the appearance of the Portuguese expedition and to retire into the interior The Buenos Ayres government has sent him ample supplies of cannon for the new fortifications erecting at both places. They had also sent him a reinforcement of troops The Portuguese vessels at Montevideo had been seized by Artigas It was reported that the Royalists under general Posuela had been defeated by a tribe of independent Indians, who had espoused the cause of Buenos Ayres. This favorable intelligence was however, counterbalanced by the refractory conduct of lieut. general Diaz Velez, who threatened to revolt unless he was placed at the head of the Buenos Ayres government. He had 2 or 3 troops under his command at Lujan. He is a native of Peru and a considerable part of his force had joined him in his revolt from the royal standard. Those in the actual management of affairs were resolved to resist his pretensions at all hazards.

One of the letters received from Buenos Ayres states a very important fact. Upwards of 100 French officers, chiefly artilley had arrived in two vessels from the United States. They were immediately engaged by the existing government of Buenos Ayres and effected their union with general Artigas. The inhabitants place great reliance on this addition to the independent cause

Land for Sale.

A tract or parcel of Land, containing between two and three hundred acres, on the north side of Occoquan, in Fairfax county, about 5 miles west of Occoquan mills. The improvements are a log dwelling house & other out houses, and a good apple orchard of about sixty trees.

ALSO,

WEDNESDAY, FEBRUARY 12.

FROM OUR CORRESPONDENT AT WASHINGTON.

February 11.

A great part of the day was yesterday employed in discussing the merits of the case of Anthony Buck, of Fredericksburg, Virginia, who had petitioned the House of Representatives, as I understood the matter some years, to be relieved from the penalty of an embargo bond, into the execution of which he had been betrayed by false representations, and on which the committee of commerce and manufactures, to whom it was referred made an unfavorable report. The case of Mr. Buck was regarded by the majority of the house as a case of singular hardship. The report was accordingly reversed, and a bill was ordered to be brought in for the relief of the petitioner. I mention this, which otherwise would not come within the general scope of my scheme of information, because the transaction occurred in a quarter where your paper, I should suppose, circulates largely.

A bill for the relief of the sufferers on the Niagara frontier, was taken up in a committee of the whole, but as it was not terminated when the committee rose and the House adjourned, I postpone any further mention of it till to-morrow.

The following message was transmitted to the House of Representatives on Monday the 3d inst. by the President, referred to the committee of ways and means, and ordered to be printed:

To the Senate and House of Representatives of the United States.

The government of Great Britain, induced by the posture of the relations with the United States, which succeeded the conclusion of the recent commercial convention, issued an order on the 17th day of August, 1815, discontinuing the discriminating duties payable in British ports, on American vessels and their cargoes. It was not until the 23d of December following, that a corresponding discontinuance of discriminating duties on British vessels and their cargoes, in American ports, took effect, under the authorities vested in the Executive, by the act of March, 1816. During the period between those two dates, there was consequently a failure of reciprocity or equality in the existing regulations of the two countries. I recommend to the consideration of Congress the expediency of paying to the British government the amount of the duties remitted, during the period in question, to the citizens of the United States; subject to a deduction of the amount of whatever discriminating duties may have commenced in British ports after the signature of that convention, and been collected previous to the 17th August, 1815.

Virginia Legislature.

On Thursday, the following ten gentlemen were elected the Directors of the Board of Public Works:—

*Alexander Smith, Lewis Summers, Elias Lowther**	District beyond the Alleghany.
*Wm Steenbergen** *Andrew Alexander*	Between the Alleghany & Blue Ridge
*Wm. I. Lewis, Charles Mercer, Daniel Coxman**	Between the Blue Ridge & the head of tide-water.
John Mercer, L. W. Tazewell.	Between the head of tide water & Sea-shore

*In place of Mr Stokely—declined.

*In place of Mr James Marshall—declined.

*In the place of Mr. Carrington—gone to Europe.

Yesterday, the House of Delegates were in committee of the whole—first on the report from the committee of Finance, which was concurred in, and sent back to the same committee to bring in bills—second, on the bill for equalizing representation in the Senate, and equalizing the tax—After various propositions for amendments, the committee rose, and the House concurred in the amendments which *were* made. On taking the question for engrossing and reading it the third time, Mr. Blackburn called for the ayes and noes; which were ayes 90, noes 43.

The Convention-Bill was yesterday taken up in the Senate, and a motion made to postponet indefinitely. Lost, ayes 7, noes 12. This is not supposed to try the sense of the Senate on the fate of the bill.

Extract of a letter from a gentleman, at St. Louis, to his friend in this State. dated Louis, M. S. December 16, 1816.

"Our crops are very abundant this year; but the multitude of emigrants, gives a good price to the farmer. Our lead mines have yielded largely. Mr Smith, brother to the general, has derived upwards of 20,000 dollars from his mine this year, of clear profits, at the rate of 1-5th of what his mines discovered and raised. The fur traders have gone out in great numbers; not only the Upper Mississippi, Missouri and Illinois, are covered with, but even the Rio grande del Norte, above Santa Fee, is laid under contribution. A company from this town, have gone there under the passport of the Spanish governor of New-Mexico. And to facilitate our commercial transactions, we have established two banks, chiefly bottomed on *mobile* capitals. They are styled the "St. Louis Bank," and the "Bank of Missouri."

We have had here this fall, the Lieutenant Gen. Lefebvre Desnouettes. He was struck with the grand features of this country, particularly the length of the rivers. Seeing some vessels from the Lakes, he enquired minutely how they got here? and exclaimed—"What a wonderful river, communicating with the sea by the head and the mouth!"—He went to the Manelles, was enchanted: and went back at the break of day, to enjoy, from that celestial spot, the beautiful spectacle of the rising sun.

"Thence he went to Portage des Sioux and breakfasted with Madame S———, a French woman. Seeing the house filled with children, he asked how many she had? The lady answered, Fifteen now!! "And how many did she have?" "Two-and-twenty!"—"And where did she lived all this while?"—"In Portage des Sioux!" Upon which the general remarked, that her husband was a good companion, and that our country would soon be peopled at that rate. He has gone to New-Orleans, but purposes to return here with many other emigrants. A French emigrant officer, nephew to Le Clere, Duc de Feltre, is now here, practising law.

"The Holy Father has sent us from Rome, a Bishop, and a cavalcade of Priests, to take care of our souls—They were descending the Ohio, at the last advices. They intend, also, sending an establishment of Ursuline Nuns, the Virgins being also furnished from Rome; as His Holiness may have understood that we have not enough in St. Louis, to answer our lawful occasions, much less to furnish supernumeraries for the Cloister.

TRIAL FOR MURDER.

The trial of John Gibson, a colored man, late cook on board the schooner Maria, charged with having mixed poison in a dish served up to the passengers and crew of that vessel, on her passage from New-York to this port, (in consequence of which one of the passengers died, and the remainder with part of the crew, suffered very severely) came on before the United States circuit court, now sitting in this city on Thursday last. After a patient investigation of the circumstances the jury retired, and shortly after returned, with a verdict of Guilty. The evidence on which he was convicted, was altogether circumstantial.

Extract of a letter from a gentleman in Havanna, to his friend in this city, dated January 15.

"The detention of the Caroline a few hours, enables me to inform you, that a decree has just been passed, imposing a duty of seven dollars upon every pound of segars exported from this island. A box of segars containing 1000, is calculated by the custom house to weigh four pounds; which at $7 per lb. is 28 dolls. and the old duty of 3 reals, makes the duty of a box of segars 28 dollars and 3 reals. They will allow nothing for the tare of the box."

INTERESTING ANECDOTE.

Extracted from the travels of Robert Sutcliff, in some parts of the United States, published in London in 1811. The author was a member of the society of Friends, and highly esteemed as a man of strict integrity and eminent piety.

"In conversation with a friend, he informed me, that in the early part of his life he was at Havanna, where he had considerable business to transact: but being ignorant of the Spanish language, an Irish Roman Catholic priest kindly lent him his assistance on various occasions: and so effectualy that the priest was the means of his acquiring a large property during a short stay there. At the time of parting with his friendly priest he presented him with a purse of one thousand dollars as a small compensation for the assistance he had received: at the truly catholic priest declared, that he would not accept of any compensation of this sort: adding, all I ask of you in return for any service I have rendered you is, that if, at any future period, you happen to meet a countryman of mine in need of assistance, you will do to him as I have done to you. This affords one amongst many proofs, that the truly christian spirit is not confined to any profession of religion."

Wife and Home.—If a man be not happy in his own house, where shall he look for happiness? It is the proper theatre of a woman's glory; it is the just bounds of a man's felicity. He may indeed, wander in a fruitless search of extraordinary bliss; but the sole of his foot, like that of Noah's dove, will find no rest until returned to the ark of domestic tranquility. The peace he enjoys at home, entitles him to respect abroad, gives joy to his conversation, and adds vigour to his friendship. It is this, also, which consoles in calamity, and plucks out the arrow of ill-natured censure. Happy the man, who, with cool, determined indifference, can withdraw from the world's applause, and the world's envy; meeting in the smiles of a wife, gratification which the former cannot abate by its subtility, nor the latter embitter by its venom.

Notice.

The public are hereby informed that a Company has been formed under the title of THE QUANTICO WAREHOUSE COMPANY, who have erected, one mile below the town of Dumfries, a large and convenient Warehouse on Quantico creek, for the storage of flour, grain, etc. which warehouse will be ready for the reception of produce on Monday the third of Feb. next. The trustees of said Company have appointed Zebulon Rankey their Agent, to attend the said Warehouse, to receive produce on storage and grant receipts for the same. And for the prompt delivery of all articles received in the said warehouse by their agent, (fire alone excepted) the Company hold themselves bound. All persons depositing flour, grain, etc. must pay, before taken away, the following storage, viz. For each barrel of flour 6 cents; if it remains in said warehouse one month 8 cents; and in the same proportion for the time it may remain. For each bushel of wheat or other grain two cents; if it remains over one month three cents; and in the same proportion for the time it may remain. And for all articles of merchandise a reasonable storage only will be demanded. Persons storing flour may have it inspected, or not, at their option. If not inspected, the agent's receipt will specify the brand and the state of the barrels. The weight of one bushel wheat, running measure of each load or parcel of wheat. All articles stored, the same to be returned to the owner when called for, be it flour, wheat, other grain, etc. Customary allowances for wastage, etc. excepted.

Quantico Warehouse is situated on Quantico Creek only two miles from its junction with the Potomac river, at all times navigable for lighters. There are belonging to this creek a sufficient number of lighters to ensure a brisk transportation down the creek of all articles stored. Vessels may be got to take produce to the district of Columbia Baltimore, Norfolk, or elsewhere. The present freights are—To the district twelve and half cents per barrel of flour and to Baltimore and Norfolk 25 cents from the mouth of Quantico. The proximity of this warehouse to a large extent of country, added to the goodness of roads leading to it from the westward being little inferior to paved ones. It being found by actual survey little more than 25 miles from Hay Market to Dumfries, will, it is confidently believed by the trustees, by this route greatly lessen the expense of transportation of produce even to the district of Columbia, and they pledge themselves to the public to use every means within their power to give satisfaction.

It is well watered with never failing springs, it is also well timbered, and the great quantity of fur timber on it renders it the more valuable to any person in the coopering line. This land is of the middle soil, and produces corn, wheat or any other grain tolerable well—there is about 100 acres cleared and under good fence. The improvements are a log dwelling house & other out houses, and a good apple orchard of about sixty trees.

ALSO,

One other tract in the same county, within three miles of Occoquan, lying on Sandy Run, containing 62 acres—one all in cultivation and under good fence, the remainder heavily timbered. There are on the premises an old framed dwelling house and out houses and an apple orchard of eighty bearing trees.

Any person inclining to purchase can view the premises and know the terms, applying to the subscriber who lives near them.

JOAQUIN ZAMORANO.

Alexandria, 19th January, 1817.

JAMES KENNEDY & SON,

BOOKSELLERS, KING STREET,

Have just received from LEE'S PATENT MEDICINE Store, No. 46 Maiden Lane, N. York.

A FRESH SUPPLY

Of the following genuine Medicines.

For the prevention and cure of Bilious and Malignant Fevers, is recommended

Hahn's Anti-Bilious Pills.

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the Southern & Middle States, particularly in N. York, Philadelphia, Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston, and Savannah. The testimony of a number of persons at each of the above places can be adduced, who have reason to believe, that a timely use of this salutary remedy has, under Providence, preserved their lives, when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy, founded on mere assertion.

It is not, indeed, presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these Pills, taken once in every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative; and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age.

They are excellently adapted to carry off superfluous bile & prevent its morbid secretions—to restore & amend the appetite—to produce a free perspiration and thereby prevent colds which is so often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance—they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

HAMILTON'S WORM DESTROYING LOZENGES.

Which have cured an immense number of persons of both sexes, of every age and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in their stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of, as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and perfectly innocent, and is also mild in its operation cannot injure the most delicate pregnant lady or the tenderest infant of a week old. Should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels, of whatever is foul or offensive, and thereby prevent the production of worms, and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

DESCRIPTION OF WORMS.

And the symptoms by which they are known:

Worms which infest the human body, are chiefly of four kinds, viz.—The Teres, or large round worm; the Ascarides, or small maw-worm; the Cucurbitina, or short, flat, white worm; and lastly, the Tænia, or tape-worm, so called from its resemblance to tape. This is often many yards long, and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food, and sometimes voracious; purging, with slime & fetid stools; vomiting; large and hard belly; pains and sickness at the stomach; slow fever, with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face inflated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success, in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of chint—a dreadful disorder, which annually destroys the hands of the infant part of our citizens in likewise the mildest and most certain remedy known; and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

The Persian Lotion operates mildly, without impeding the natural, insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and smooth and improving the complexion.

The Restorative Powder for the teeth and Gums.

This excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, by absorbing all the acrimonious slime and foulness, which suffered to accumulate, never fails to injure and finally ruin them.
